## Full-time position: Intermediate Architectural & Urban Designer

One Architecture and Urbanism (ONE)

New York, NY

We are seeking a full-time Intermediate Designer who is committed to creating exemplary design at all scales. The ideal candidate is a highly motivated person able to develop and visualize designs that blur boundaries between architecture, urban design, and landscape. This individual will have the opportunity to work on physical design for some of the largest, most significant coastal resilience projects in the U.S.

ONE is an award-winning design and planning firm with offices in Amsterdam and New York. Established in 1995, the firm is known for its unique approach in which financial, technical, and organizational issues are addressed and resolved through design. Most recently, the firm has been expanding its portfolio of large-scale resilience and climate adaptation projects in the U.S., Europe, and Southeast Asia. We are a small, dynamic, and highly collaborative office focused on long-term processes, from strategic planning to on-the-ground implementation of complex infrastructural and urban systems. This role offers the unique opportunity to work across these scales.

We seek a person who has:

- A professional degree in architecture;
- 3 – 5 years of professional experience in architecture, urban design, and/or civil engineering;
- Exceptional technical design skills that can be applied at multiple scales, from the integration of individual flood protection elements to district-level resilience considerations;
- Experience working with a range of consultants, including associate landscape architects, and civil, electrical, traffic, and structural engineers;
- Excellent time management skills and the ability to multi-task;
- Demonstrated experience assembling drawing sets;
- Demonstrated ability to communicate complex issues graphically;
- Proficiency in AutoCAD, Rhino, Adobe CS, and Microsoft Office;
- Valued experience in scripting and/or data management;
- Excellent interpersonal and written communication skills.

Please send applications including a cover letter, one-page CV, and up to 10 pages of portfolio work to [office@onearchitecture.nl](mailto:office@onearchitecture.nl).

*All applications will receive consideration for employment without regard to race, religion, sexual orientation, gender, or national origin. ONE is committed to taking affirmative action to employ and advance in employment qualified individuals from all backgrounds.*
